

Unsharing Operoo

Unsharing your Operoo Profile with Browsea

If you wish to continue sailing with us on weekends when you are under our direct care... ignore this document.

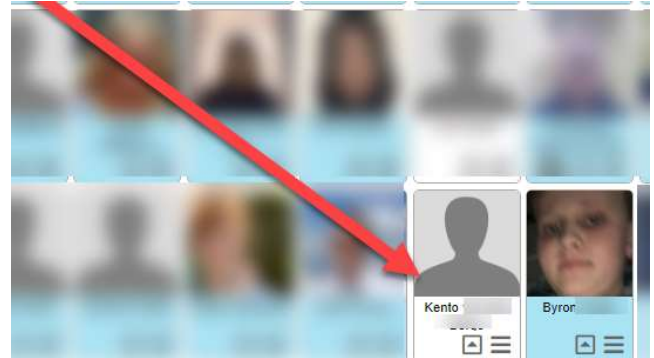

We want to make sure your personal information is secure.

You have shared your profile with Browsea,

If you are not likely to be in our direct care, where your leader is not in charge of your welfare (i.e. Coming to Sailing Days or Camps) and you are not a volunteer we might need to contact an emergency contact, **you may wish to unshare your profile with us.**

1. We are doing this to reduce your information being shared with people who don't need access to it.
2. You can re-share it with us again in the future if you need.

On our side your profile will change colour and all access to your profile will be removed. We will only have your name and contact email address. It may ask you to reshare until we remove it completely.

Example of how to do this...
